

Pupil planning Acts of Prayer and Liturgies (Inspired by the Beatitudes)

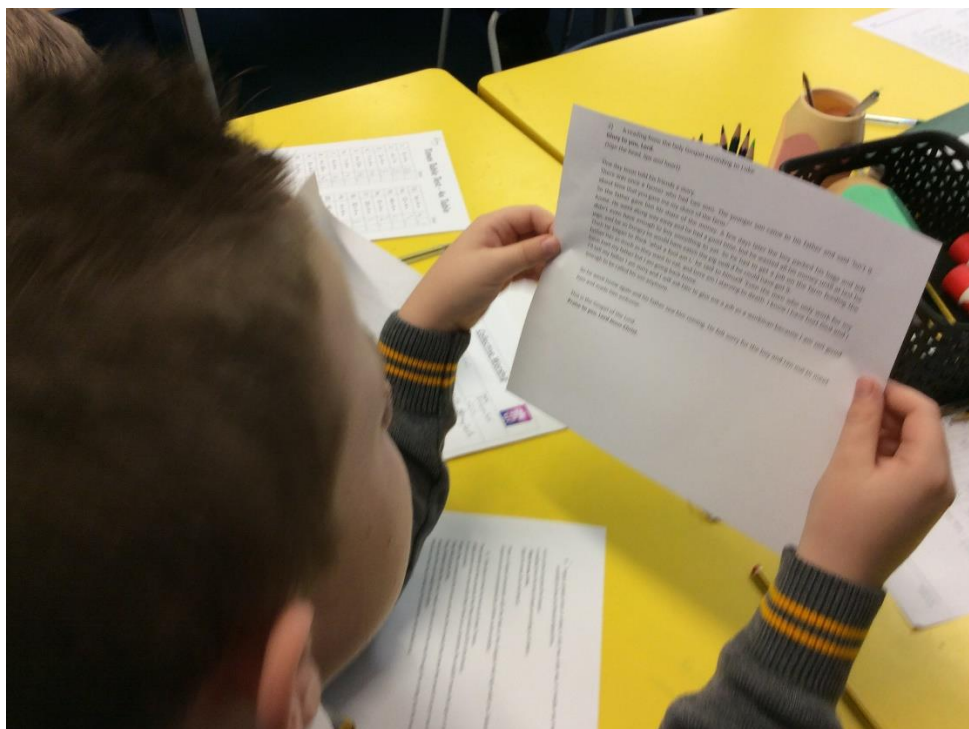

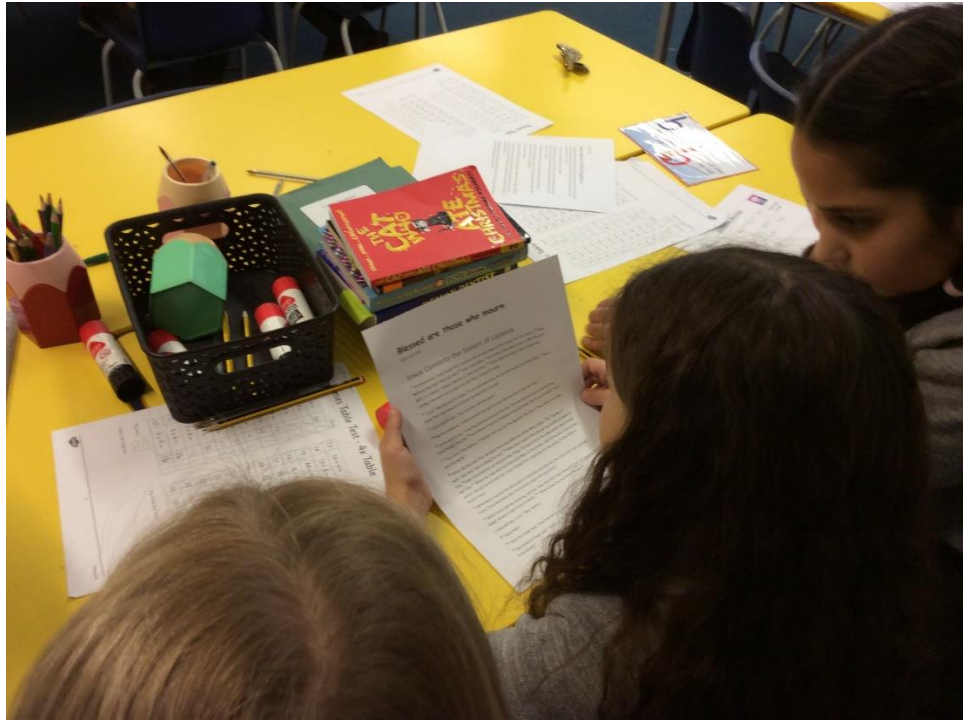

The children experienced independent planning out Collective worships after learning about the Beatitudes. Each group selected a Beatitude to look at in more detail and did research to find out which other gospel stories linked to each Beatitude.

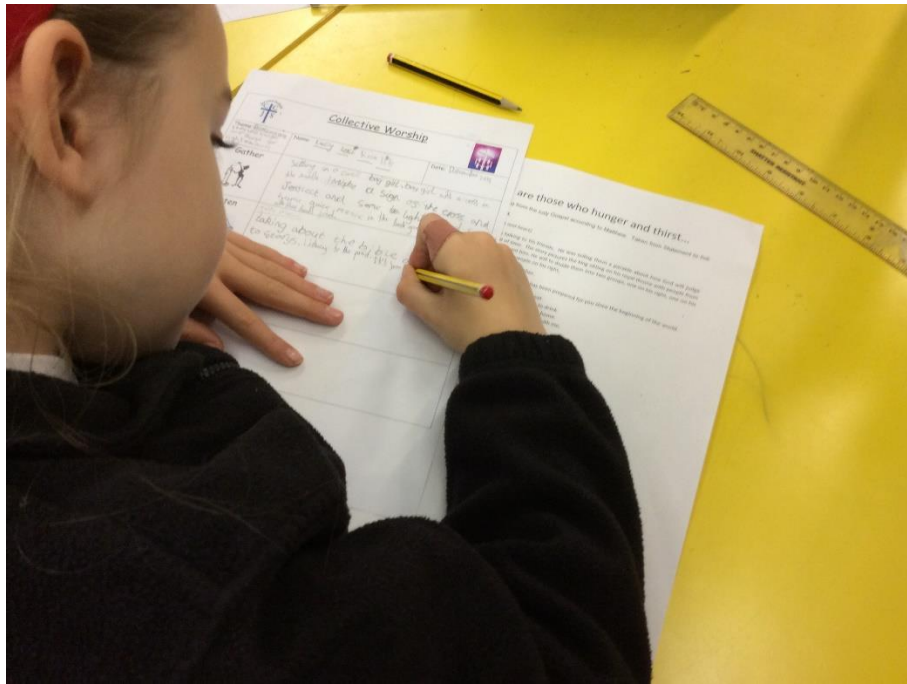

The children looked at a variety of Religious sources to find out which Bible stories linked to each Beatitude. The children took turns to write their ideas on the collective worship planning sheet.

The children enjoyed sharing the Bible stories selected within their group and used the Bible references to locate specific quotations.

The children shared their ideas and used this to plan their responses to the reading. Some included offering the sign of peace to each other, singing a hymn and writing their own prayers inspired by the reading they will hear.

The children continued to use the Bibles to locate Gospel links and used Bible references to search the Bibles too.
