Staff and Volunteer Acceptable Use Policy (Including Agreements)

Please also refer to the following school policies:

- **Safeguarding**
- **Social Media**
- **Staff Handbook**
- **Staff Code of Conduct**

This acceptable use policy is intended to ensure:

- that staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that staff are protected from potential risk in their use of technology in their everyday work.

The school will try to ensure that staff and volunteers will have good access to digital technology to enhance their work, to enhance learning opportunities for learning and will, in return, expect staff and volunteers to agree to be responsible users.

Acceptable Use Policy Agreement

I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users. I recognise the value of the use of digital technology for enhancing learning and will ensure that learners receive opportunities to gain from the use of digital technology. I will, where possible, educate the young people in my care in the safe use of digital technology and embed online safety in my work with young people.

For my professional and personal safety:

- I understand that the school will monitor my use of the school digital technology and communications systems.
- I understand that the rules set out in this agreement also apply to use of these technologies (e.g. laptops, email etc.) out of school, and to the transfer of personal data (digital or paper based) out of school
- I understand that the school digital technology systems are primarily intended for educational use and that I will only use the systems for personal or recreational use within the policies and rules set down by the school.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will immediately report any illegal, inappropriate or harmful material or incident, I become aware of, to the appropriate person.

I will be professional in my communications and actions when using school systems:

- I will not access, copy, remove or otherwise alter any other user's files, without their express permission.
- I will communicate with others in a professional manner, I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will ensure that when I take and/or publish images of others I will do so with their permission and in accordance with the school's policy on the use of digital/video images. I will not use my personal equipment to record these images, unless I have permission to do so. Where these images are published (e.g. on the school website) it will not be possible to identify by name, or other personal information, those who are featured.
- I
- I will only communicate with learners and parents/carers using official school systems. Any such communication will be professional in tone and manner.
- I will not engage in any on-line activity that may compromise my professional responsibilities.

The school has the responsibility to provide safe and secure access to technologies and ensure the smooth running of the school:

- When I use my mobile devices in school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment. I will also follow any additional rules set by the school about such use. I will ensure that any such devices are protected by up to date anti-virus software and are free from viruses.
- I will not use personal email addresses on the school's ICT systems
- I will not open any hyperlinks in emails or any attachments to emails, unless the source is known and trusted, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
- I will ensure that my data is regularly backed up, in accordance with relevant school policies.
- I will not try to upload, download or access any materials which are illegal (child sexual abuse images, criminally racist material, terrorist or extremist material, adult pornography covered by the Obscene Publications Act) or inappropriate or may cause harm or distress to others. I will not try to use any programmes or software that might allow me to bypass the filtering/security systems in place to prevent access to such materials.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not install or attempt to install programmes of any type on a machine, or store programmes on a computer, nor will I try to alter computer settings, unless this is allowed in school policies.
- I will not disable or cause any damage to school equipment, or the equipment belonging to others.
- I will only transport, hold, disclose or share personal information about myself or others, as outlined in the School Personal Data Policy (or other relevant policy). Where digital personal data is transferred outside the secure local network, it must be encrypted. Paper based documents containing personal data must be held in lockable storage.

- I understand that data protection policy requires that any staff or learner data to which I have access, will be kept private and confidential, except when it is deemed necessary that I am required by law or by school policy to disclose such information to an appropriate authority.
- I will immediately report any damage or faults involving equipment or software, however this may have happened.

-

When using the online systems in my professional capacity or for school sanctioned personal use:

- I will ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not download or distribute copies (including music and videos).

I understand that I am responsible for my actions in and out of the school:

- I understand that this acceptable use policy applies not only to my work and use of school's digital technology equipment in school, but also applies to my use of school systems and equipment off the premises and my use of personal equipment on the premises or in situations related to my employment by the school
- I understand that if I fail to comply with this acceptable use agreement, I could be subject to disciplinary action. This could include a warning, a suspension, referral to Governors/ and/or the Local Authority and in the event of illegal activities the involvement of the police.

I have read and understand the above and agree to use the school digital technology systems (both in and out of school) and my own devices (in school and when carrying out communications related to the school) within these guidelines.

Date:

Pupil Acceptable Use Agreement

This acceptable use agreement is intended:

- to ensure that learners will have good access to devices and online content, be responsible users and stay safe while using digital technologies for educational, personal and recreational use
- to help learners understand good online behaviours that they can use in school, but also outside school
- to protect school devices and networks from accidental or deliberate misuse that could put the security of the systems and users at risk.

When I use devices I must behave responsibly to help keep me and other users safe online and to look after the devices.

For my own personal safety:

- I understand that what I do online will be supervised and monitored and that I may not be allowed to use devices in school unless I follow these rules and use them responsibly
- I will only visit internet sites that adults have told me are safe to visit
- I will keep my username and password safe and secure and not share it with anyone else
- I will be aware of "stranger danger" when I am online
- I will not share personal information about myself or others when online
- If I arrange to meet people off-line that I have communicated with online, I will do so in a public place and take a trusted adult with me
- I will immediately tell an adult if I see anything that makes me feel uncomfortable when I see it online.

I will look after the devices I use, so that the school and everyone there can be safe:

- I will handle all the devices carefully and only use them if I have permission.
- I will not try to alter the settings on any devices or try to install any software or programmes.
- I will tell an adult if a device is damaged or if anything else goes wrong.
- I will only use the devices to do things that I am allowed to do.

I will think about how my behaviour online might affect other people:

- When online, I will act as I expect others to act toward me.
- I will not copy anyone else's work or files without their permission.
- I will be polite and responsible when I communicate with others and I appreciate that others may have different opinions to me.
- I will not take or share images of anyone without their permission.

I know that there are other rules that I need to follow:

- Where work is protected by copyright, I will not try to download copies (including music and videos).
- When I am using the internet to find information, I should take care to check that the information is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me.
- I should have permission if I use the original work of others in my own work.

I understand that I am responsible for my actions, both in and out of school:

- I know that I am expected to follow these rules in school and that I should behave in the same way when out of school as well.
- I understand that I am out of school and involved in any online behaviour that might affect the school or other members of the school.
- I understand that if I do not follow these rules, I may be subject to disciplinary action. This could include loss of access to the school network/internet, detentions, suspensions, parents/carers contacted and in the event of illegal activities involvement of the police.
